Proposed Solution Template:

Project team shall fill the following information in the proposed solution template.

S. No.	Parameter	Description
1.	Problem Statement (Problem to be solved)	Many students and job seekers struggle to find a centralized platform offering verified learning resources, mentorship, skill assessments, and project opportunities relevant to their career goals.
2.	Idea / Solution description	Learn Hub is a web-based platform that provides curated learning paths, industry projects, mock interviews, and AI-based progress tracking to help user bridge skill gaps and become job-ready.
3.	Novelty / Uniqueness	Unlike generic course platforms, Learn Hub offers personalized AI-driven learning, role-based projects, expert mentorship, and job recommendations—all in a single, integrated ecosystem.
4.	Social Impact / Customer Satisfaction	The solution empowers rural and underprivileged students with affordable access to quality education and career guidance, boosting employability and reducing the skill gap in society.
5.	Business Model (Revenue Model)	Freemium model with basic features free. Revenue via premium subscriptions, industry partnerships, project collaborations, and certification fees.
6.	Scalability of the Solution	The platform is cloud-based, allowing it to scale globally. Modules can be expanded for different sectors (tech, healthcare, education) and in multiple languages.
